

# CAR BOOT SALE

HEALTH POVERTY ACTION

1

## WHAT, WHEN, WHERE

Begin by finding out the date, time and location for your local or favourite car boot sale. Make sure book your slot in advance and the organisers know you're going to be there on the day.

2

## PREPARING

Collect good quality items and clothing that you no longer need, and ask friends and families if there is anything they'd like to donate to your car boot sale too!

3

## SETTING UP

Set up your table with your items, price tags, and HPA decorations. Make sure you have a collection tin for your donations, and if you have a card machine make sure it's charged!

4

## HOSTING

Hand out flyers about HPA, and talk to buyers about our work and why you're holding a charity car boot sale. Be fair with your pricing, and don't be afraid to ask for donations.

5

## DONATIONS

After your car boot sale send the donations to HPA via our website, or contact us and we can arrange an alternative method. If you took any photos of your stall please send them to us - we'd love to see you in action!
