

MOVIE NIGHT

HEALTH POVERTY ACTION

1

WHAT, WHEN, WHERE

Begin by picking your film, date, time and location for the movie night. Make sure you have permission to screen a film if it's in a public space!

2

INVITES

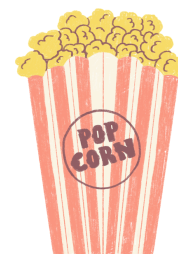

Invites friends, family and colleagues to your event, with posters on shared notice boards, flyers around campus, emails or in person! Let them know what HPA means to you and encourage them to come along to support you.

3

PREPARING

You've picked a great film, and people are excited for the movie night - now you can get popcorn, drinks, snacks and blankets ready for your movie-goers!

4

HOSTING

Make sure you turn up on time to set up your movie night. You can either charge an entry fee, or ask for donations throughout the night. Don't be afraid to ask for donations - they turned up to support you!

5

DONATIONS

After your event send the donations to HPA via our website, or contact us and we can arrange an alternative method. Send thank you messages to those that donated and let them know how much you all raised!
